Hello Delegates! Happy New Year! 2023 is off to a busy start. Delegates whose resolutions passed the Conference are looking for legislative authors. conferences. Also, the Resolution submission deadline is Friday, March 3, 2023 - and it will be here before you know it!

One of my goals this year is to increase attendance at the Conference. I have been going to both new and existing bar and delegation meetings to hear your thoughts and ideas about how we can improve the Conference. If I have not yet contacted your delegation, please email me so we can set up a time to meet and talk. As we emerge from the pandemic and continue to hold more in person events, I want to hear from you about how to make the Conference better than ever.

We can also do resolution drafting workshops to help everyone make the great legislative ideas into reality.

The year is off to a great start! I look forward to working with all of you this year!

The Resolutions Committee (ResCom) Needs You!

After the delegations submit their Resolutions on March 3, 2023, the Resolutions Committee (ResCom), will vet and analyze the resolutions. Then ResCom writes reports with legal analyses to recommend whether the Conference should approve, disapprove, or approve the resolution as amended. The vetting and analysis ResCom does is very important to the Conference and ResCom is always looking for more people to join the Committee. The bulk of ResCom's work is done in the spring and early summer, culminating with their three-day meeting in mid-July. If you enjoy the analysis and vetting process, want to get more involved with the Conference and meet interesting people from different practice areas and backgrounds across the state, join ResCom! For more information, please contact this year's ResCom Chair, Victor Herrera, at resolutions@ccba.law.
